

CASE STUDY

Background

Briggswath & Sleights Methodist Church in North Yorkshire.

What made you choose Paxton Charities Accounting?

Bernard Kerr said, *"Microsoft Money failed to update with Microsoft operating system and no support was available. In the event Paxton proved to be better suited to our needs, producing a good level of reports and giving the flexibility we required."*

What benefits has Paxton Charities Accounting brought to your charity?

Bernard Kerr continues, *"A continuation of computer based accounting that is easily assimilated and, hopefully, will easily be passed on to subsequent treasurers."*

What are your experiences of Paxton's support services?

"I have always found Paxton support services helpful and always able to answer the few problems I have had. The regular upgrades are appreciated though in our case they have not had a great deal of impact as our accounting procedures at local level do not follow closely the procedures for which Paxton seems to be primarily designed. That said, the package was and remains easily adaptable for our purposes." said Bernard Kerr.
